

CILT International Award in Logistics and Transport

Published by: The Chartered Institute of Logistics and Transport in the UK

Introduction

Qualification Objectives

The CILT International Award in Logistics and Transport has been designed to offer an entry-level overview and a basic insight into the logistics and transport industry. It also introduces students to different types of business communications, teaching them the skills to draw information from a variety of documents and equipping them for successful progression to other CILT International qualifications.

Target Audience

The CILT International Award in Logistics and Transport is ideally suited to younger students or anyone looking for a general overview of the logistics and transport industry. This is an entry-level qualification and is open access for all students. It can also be used as a 'full' course or as individual modules to support apprenticeship/internship opportunities, allowing the student to mix and match their taught elements with on-the-job experience.

To achieve this qualification students must complete three mandatory units, as detailed below.

UNIT	TITLE	GLH	STATUS
INTRO-M1	Introduction to Logistics	40	Mandatory
AWD-M2	Transport Distribution in Logistics	25	Mandatory
AWD-M3	Introduction to Business Communications	35	Mandatory

*GLH-Guided Learning Hours
