

CILT International Introductory Certificate in Logistics and Transport

Published by: [The Chartered Institute of Logistics and Transport in the UK](#)

Introduction

Qualification Objectives

The CILT International Introductory Certificate in Logistics and Transport offers a broad understanding of the principles, applications and concepts of logistics and transport industry. It gives students the opportunity to focus on an area of specialism to gain introductory knowledge of their professional sector.

Target Audience

The CILT International Introductory Certificate in Logistics and Transport is designed for new entrants to the logistics and transport sector and is suitable for front line and supervisory staff working in the industry.

This is an open access qualification, although students would benefit from having some prior knowledge of logistics and transport operations and an awareness of the main principles of the industry.

CODE	TITLE	STATUS
INTRO - M1	Introduction to Logistics	Mandatory
INTRO - M2	Introduction to Customer Service and Marketing	Mandatory
